## EDUCATION

---

- University of Florida, Department of Biology, Zoology **Ph.D.** August 2023  
*GPA 4.0/4.0*  
Advisor: Hannah B. Vander Zanden
- University of Maryland Center for Environmental Science **M.S.** 2018  
Appalachian Laboratory / Frostburg State University,  
Applied Ecology and Quantitative Biology.  
*GPA 4.0/4.0*  
Advisor: David M. Nelson
- University of Vermont **B.S.** 2012  
Environmental Science: Conservation Biology and Biodiversity.  
Honors College Graduate

## HONORS AND AWARDS

---

2023	Threadgill Dissertation Fellowship, College of Liberal Arts and Sciences, University of Florida (\$8,000)
2022– 2023	University of Florida Biodiversity Institute Fellowship (\$21,000)
2021	Michael L. May Interdisciplinary Grant (co-PI, \$1,000)
2021	Riewald Fund Research Grant (\$300)
2019	University of Florida Biodiversity Institute Summer Fellowship (\$4,000)
2019	Michael May Graduate Student Fellowship in Biology (\$4,000)
2018 – 2023	Graduate Student Funding Award Fellowship, Department of Biology, University of Florida (\$120,000)
2017	Student Presentation Award, North American Society for Bat Research Annual Symposium
2016	NSF East Asia and Pacific Summer Institute Research Fellowship (\$5,400)
2016	Japanese Society for the Promotion of Science Research Fellow (\$5,200)
2016	Best Student Poster, North American Society for Bat Research Annual Symposium
2012	Honors Graduate of the College of Arts and Sciences
2011	Benjamin A. Gilman International Scholarship (\$5,000)
2010	Round River Conservation Studies Ed Abby Scholarship (\$1,000)
2008 – 2012	Presidential Scholarship, University of Vermont (\$10,500)
2008	National Merit Scholar Commendation

## PRESENTATIONS

---

- Identifying the Identifiers: How iNaturalist facilitates collaborative, research-relevant data generation and why it matters for biodiversity science.* CJ Campbell; Vijay Barve; Michael Belitz; Joshua Doby; Elizabeth White; Carrie Seltzer; Grace Di Cecco; Allen H. Hurlbert; Robert Guralnick. April 18, 2023. University of Florida Biodiversity Institute Symposium, Gainesville, FL.
- High-resolution seasonally-explicit distribution models reveal bat migration at the macroecological scale.* C. J. Campbell, Michael W. Belitz, Robert P. Guralnick, Robert J. Fletcher, and Hannah B. Vander Zanden. August 9, 2022. North American Society for Bat Research, Austin, TX.
- Revealing rosy-finch migrations using stable isotope analyses.* Campbell, C. J. February 22, 2022. Rosy-finch working group symposium (virtual meeting).
- The R package 'isocat', a toolset for comparing and summarizing origins of animals inferred from stable isotope data.* Campbell, C. J.; Fitzpatrick, M.C.; Vander Zanden, H.; Nelson, D. M. May 20, 2021. Oral Presentation. Applications of Stable Isotope Techniques to Ecological Studies (IsoEcol; virtual meeting).
- Assessing the capacity for migratory bats to serve as long-distance vectors of white-nose syndrome pathogen *Pseudogymnoascus destructans*.* Caitlin J. Campbell. March 12 2021. Perspectives in Ecology and Evolution Research Seminar Series, Department of Biology, University of Florida, Gainesville, FL.
- A framework for predicting migratory behavior and wind-development impacts: Uniting morphological and life-history characteristics with distribution-based migration models.* Caitlin J. Campbell and Hannah Vander Zanden. Oral Presentation. December, 2020. 13<sup>th</sup> Wind Wildlife Research Meeting, online.
- A review of cave and mine use by tree-roosting bats.* Caitlin J. Campbell and Hannah Vander Zanden. Poster presentation. February, 2020. 25th Annual Meeting of the Southeastern Bat Diversity Network and 30th Annual Colloquium on the Conservation of Mammals in the Southeastern U.S., Athens, GA.
- Are some bats snowbirds?: Stable hydrogen isotopes to determine probable origins of wintering tri-colored bats in Florida caves.* Lisa M. Smith, Terry J. Doonan, J. A. Gore, Caitlin J. Campbell. February, 2020. 25th Annual Meeting of the Southeastern Bat Diversity Network and 30th Annual Colloquium on the Conservation of Mammals in the Southeastern U.S., Athens, GA.
- Hydrogen isotopes reveal complex seasonal migratory structure in at-risk tree-roosting bats in North America.* Caitlin J. Campbell, David M. Nelson. Oral presentation. October, 2019. North American Society for Bat Research, Kalamazoo, MI.
- Hydrogen isotopes reveal complex seasonal migratory structure in at-risk tree-roosting bats in North America.* Caitlin J. Campbell, David M. Nelson. Oral presentation. July 31, 2019. International Bat Research Conference, Phuket, Thailand.
- Hydrogen isotopes reveal complex seasonal migratory structure in at-risk tree-roosting bats in North America.* Caitlin J. Campbell, David M. Nelson. Oral presentation. July 24, 2019. International Congress for Conservation Biology, Kuala Lumpur, Malaysia.
- From knowledge gaps to origin maps: Projecting animal movement with stable isotopes and beyond.* Caitlin J. Campbell. Oral Presentation. March 1, 2019. Perspectives in Ecology and

Evolution Research Seminar Series, Department of Biology, University of Florida, Gainesville, FL.

*Refining assessment of geographic origins of animals inferred from stable isotope data.* Caitlin J. Campbell. Thesis defense presentation. August 1, 2018. Department of Biology, Frostburg State University, Frostburg MD.

*Range-Wide Migratory Patterns of North American Tree-Roosting Bats.* Caitlin J. Campbell, Matthew Fitzpatrick, and David M. Nelson. Oral presentation. October 19, 2017. North American Society for Bat Research Annual Symposium, Knoxville, TN.

*Range-wide migratory movements of North American tree bats inferred from stable isotopes.* Caitlin J. Campbell, Matthew Fitzpatrick, and David M. Nelson. Poster presentation. August 11, 2017. Ecological Society of America Annual Meeting, Portland, OR.

*Amino acid nitrogen isotopes reveal the trophic position and dietary strategies of bats.* Caitlin J. Campbell, David M. Nelson, Nanako Ogawa, Yoshito Chikaraishi, and Naohiko Okhouchi. October 13, 2016. Poster presentation. North American Society for Bat Research Annual Symposium, San Antonio, TX.

*Range-wide Models of the Migratory Movements of North American Tree Bats.* Oral presentation, May 12. Graduate Research Symposium, Frostburg State University, Frostburg MD.

*Hydrogen Isotope Ecology: Analysis and Application to the Study of Bat Movement.* Jake Blakely, Kamren Jefferson, Crystal Tippet, Caitlin J. Campbell, and David Nelson. Poster presentation by undergraduate volunteers, May 6, 2016. Undergraduate Research Symposium, Frostburg State University, Frostburg, MD.

*Range-wide Models of the Migratory Movements of North American Tree Bats.* Oral presentation, April 20, 2016. Department of Biology Seminar Series, Frostburg State University, Frostburg, MD

*A Continent-wide Approach to Link Movement Ecology and Genetic Structure of Migratory Foliage-roosting Bats.* Caitlin J. Campbell, Paul F. Gugger, and David M. Nelson. Poster presentation, January 11, 2016. New England Bat Working Group Meeting, Baltimore, MD.

*Livestock depredation by large carnivores: An analysis of human-wildlife conflict in Ehirovipuka, Namibia.* Oral presentation, April 19, 2012. University of Vermont Student Research Conference, Burlington, VT.

*The odd couple: Indigenous group and international NGO cooperation creates a two-pronged approach to halt development of the Narmada River in India.* Poster presentation, April 22, 2009. University of Vermont Student Research Conference, Burlington, VT.

## RESEARCH EXPERIENCE

---

**Graduate Research Fellow**, August 2022 – May 2023  
University of Florida Biodiversity Institute, Gainesville, FL

**Graduate Research Assistant**, August 2020 – August 2022  
Department of Biology, University of Florida, Gainesville, FL

**Graduate Research Assistant**, July 2015 – August 2018  
University of Maryland Center for Environmental Science  
Appalachian Laboratory, Frostburg, MD

**National Science Foundation East Asia and Pacific Summer Institute (NSF EAPSI) Research Fellow / Japanese Society for the Promotion of Science (JSPS) Summer Research Fellow**, May 2016 – August 2016

Department of Biogeochemistry, Japan Agency for Marine Science and Technology (JAMSTEC), Yokosuka, Kanagawa Prefecture, Japan

**Endangered Bat Monitoring Crew Leader**, May – July 2015  
Arkansas State University / U.S. Forest Service, Jonesboro, AR

**Bat Research and Management Technician**, Jan – May 2015  
New York Department of Environmental Conservation, Albany, NY

**Herpetofauna Ecology Research Assistant**, Nov – Dec 2014  
Florida International University, Sarapiquí, Costa Rica

**Endangered Bat Species Monitoring Senior Research Technician**, May – Aug 2014  
Arkansas State University / U.S. Forest Service, Jonesboro, AR

**Field Ecologist**, June – August 2014  
Mitigation Surveying Services LLC, Benton, AR

**Mammal Diversity Project Field Assistant**, Jan – Apr 2014  
Smithsonian Conservation Biological Institute, Chiapas, Mexico

**Endangered Bat Species Survey and Research Technician**, May – Aug 2013  
Arkansas State University / U.S. Forest Service, Jonesboro, AR

**Conservation Ecology Research Assistant**, 2009 – 2013  
Gund Institute of Ecological Economics, University of Vermont, Burlington, VT

**Student Research Assistant**, Feb – May 2011  
Round River Conservation Studies, Wereldsend, Kunene Region, Namibia

**Invasive Species and Biocontrol Volunteer**, 2007 – 2009  
Nashua River Watershed Association, Groton, MA.

**Biodiversity and Administrative Intern**, 2008  
Massachusetts Audubon Society, Princeton and Worcester, MA.

---

## TEACHING EXPERIENCE

### COURSES

**Teaching Assistant, Global Change Ecology and Sustainability**, Spring 2019 – Fall 2020  
Department of Biology, University of Florida

**Instructor, X-Lab**, Fall 2018

Cross-Disciplinary Laboratory including Biology, Chemistry, and Physics; University of Florida

**Graduate Assistant Teaching Fellow**, January 2016 – May 2016  
Frostburg State University Department of Biology, Frostburg, MD

### GUEST LECTURES

*Assessing the capacity for migratory bats to serve as long-distance vectors of white-nose syndrome pathogen *Pseudogymnoascus destructans**, April 5 2021. **Behavioral Drivers of Disease** (ZOO4926), Department of Biology, University of Florida, Gainesville, FL.

*Bat migration in a changing world*, November 29, 2022. **Animal Migration: Journeys by Air, Land and Water** (ZOO4926), Department of Biology, University of Florida, Gainesville, FL.

*Bats! A Brief Introduction to Microchiroptera*. July 6, 2016. **Department of Biogeochemistry**, Japanese Agency of Marine Science and Technology, Yokosuka, Kanagawa, Japan.

### WORKSHOPS

UF Carpentries Club 2-day intensive courses

*Data analysis and visualization in R for ecologists*  
Organizer and instructor, September 19-20, 2022

*Data analysis in R*  
Instructor, February 22–23, 2022

*Introduction to R*  
Instructor, January 31–February 1, 2022  
Instructor, September 27–28, 2021  
Helper, January 25–26, 2021

*Introduction to Geospatial Analysis in R*  
Helper, March 22–23, 2021

*Introduction to Python, Shell, and Git*  
Helper, April 11–12, 2022

*From Haircuts to Origin Models: A Guide to Emerging Tools to Study Animal Movement by Stable Isotope Analysis*. Workshop Presenter, February 21, 2019. Combined annual meeting of the Southeastern Bat Diversity Network (SBDN) and Annual Colloquium on the Conservation of Mammals in the Southeastern U.S.. [https://github.com/cjcampbell/AnimalOrigins\\_SBDN/](https://github.com/cjcampbell/AnimalOrigins_SBDN/)

### MENTORSHIP EXPERIENCE

---

#### **Undergraduate research technicians mentored and supervised**

*University of Florida*

Sierra Scauzillo (Wildlife Ecology and Conservation; 2020 – present);

*Frostburg State University*

Becca Phillips (2017); Sarah Sprouse (2017); Kamren Jefferson (2016); Jake Blakely (2016); Crystal Tippet (2016); Becca Hiller (2015-2016)

## SERVICE AND COMMUNITY ENGAGEMENT

---

### Manuscript reviews

*Journal of Mammalogy, Animal Migration, Science of The Total Environment, Journal of Mammalogy, Acta Chiropterologica*

### Media

**Project BatCast**, University of Florida: [twitter.com/UF/status/1479467172053364741](https://twitter.com/UF/status/1479467172053364741)

### Outreach

**iNaturalist identifications**, 2019-present. Active identifier of bat observations posted to public science platform iNaturalist (inaturalist.org), provides outreach and advice on bat identification and coexistence. Identified > 13,000 observations, ranked fourth most active bat identifier globally.

**Project BatCast**, 2021-present. Outreach research initiative to engage with the public on bat biology and conservation. [cjcampbell.github.io/BatCast](https://cjcampbell.github.io/BatCast); [twitter.com/uf\\_bats](https://twitter.com/uf_bats)

**iDigTRIO Bat House Emergence Tour Guide**, February 24, 2022. Outreach event as part of iDigTrio Biology Career Conference and Fair at University of Florida: [idigtrio.org](https://idigtrio.org)

**University of Florida Carpentries Organization Board Member**, 2021-2022. Organizers of Software and Data Carpentry workshops at the University of Florida: [uf-carpentries.org](https://uf-carpentries.org)

**Biology Graduate Student Experience Panelist**, Outreach event to provide new graduate students advice and support on navigating graduate school and research. Event sponsored by the Biology Graduate Student Association Mental Health Committee. February 27, 2019.

**Graduate School Panel Biology Representative**, Outreach event to provide undergraduate students advice about STEM graduate programs. Event co-sponsored by graduate student career-building club POLY/PMSE and chemistry fraternity Alpha Chi Sigma. Nov 15, 2019.

**Graduate Student Writing Group**, Founder and coordinator. Semi-weekly inter-institutional meetings of graduate students from University of Maryland Center for Environmental Science Appalachian Laboratory and the Department of Biology of Frostburg State University to workshop writing skills. Fall 2015 – Spring 2018.

**Bat Ecology and Conservation**, University of Maryland Center for Environmental Science Appalachian Laboratory Open House. Public outreach to community and families including bat ecology, behavior, ecosystem services, and conservation status. May 7, 2016.

**Endangered Bats of Maryland**, Presentation to local elementary school in rural Appalachia on natural history, ecology, threats, and legal status of local bats, Oct 2, 2015

**Herpetofauna of Sarapiquí, Costa Rica**. Educational presentation, live animal handling, and public outreach at La Selva Biological Station Open House, Nov 9, 2014

**Living with Bears**, Authored article for local online paper on coexisting with black bears in Massachusetts: “Your New Groton Neighbors, The Bears, May Be Dropping By.” [TheGrotonLine.com](https://thegrotonline.com). Nov 21, 2013

**Community Conservation Technology Training**, Week-long collaboration with Ehi-rovipuka conservancy conservation officers: training on data collection and database management, open-source document managers, email and outreach. Round River Conservation Studies, March 2012.

**Invasive Species and Biocontrol Volunteer**, Nashua River Watershed Association, Groton, MA, 2007-2009
